UNITED STATES NOW AT WAR WITH GERMANY

Senate Passes Resolution by Vote of 84 to 6;
The House Expected to Ratify Action.

Congress Asked For More Than Three Billion Dollars
For Army And Navy.

[At the hour of going to press late last night, the House had not completed its deliberations, but there is no doubt that by the time this is read, we will be at war with Germany.]

WASHINGTON, April 4.—The resolution declaring that a state of war exists between the United States and Germany was passed in the Senate tonight by a vote of 82 to 6.

Sensitators who cast the negative votes were, Gronna, of North Dakota; LaFollette, of Wisconsin; Norris, of Nebraska; Lane, of Oregon; Stone, of Missouri, and Vandaman, of Mississippi.

The resolution, drafted after consultation with the Senate Department and already accepted by the House Committee, says the state of war thrust upon the United States by Germany is formally declared and directs the President to employ the entire military and naval forces and the resources of the government to carry on war and bring it to a successful termination.

Action in the Senate came just after 11 o'clock at the close of a debate that had lasted continuously since 10 o'clock this morning. The climax was reached late in the afternoon when Senator John Sharpe Williams denounced a speech by Senator LaFollette as more worthy of Herr von Bethmann-Hollweg than of an American Senator.

The passage of the resolution was not marked by any outburst from the galleries and on the floor the Senators themselves were unusually grave and quiet. Many of them answered to their names in voices that quivered with emotion.

The galleries were filled to overflowing, and on the floor back of the Senators' seats was almost half the membership of the House.

After the vote was announced the Senate remained in session only a few minutes. The galleries began to empty at once and the Senators themselves, tired out by the long day, left quickly. The Senate adjourned until noon Friday to await action by the House.

WASHINGTON, April 5.—Requests for immediate appropriation of \$3,400,000,000 for the army and navy were made to Congress to-day by the executive department.

Provision is made for increasing the enlisted strength of the navy to 150,000 men and to increase the marine corps to 30,000.

Of the great sum, a little more than \$2,930,000,000 is asked for the army.

WASHINGTON, D. C., April 5.—In his message advising "that the Congress declare the recent course of the Imperial German government to be in fact nothing less than war against the government and people of the United States; that it formally accept the status of belligerent which has thus been thrust upon it, and that it take steps not only to put the country in a more thorough state of defense, but also to exert all its power and employ all its resources to bring the government of the empire to terms and end the war," the President recommended:

Utmost practical co-operation in counsel and action with the governments already at war with Germany.

Extension of liberal financial credits to those governments so that the resources of America may be added so far as possible to theirs.

Organization and mobilization of all the material resources of the country. Full equipment of the navy, particularly for means of dealing with submarine warfare.

An army of at least 500,000 men, based on the principle of universal liability to service, and the authorization of additional increments of 500,000 each as they are needed or can be handled in training.

Raising necessary money for the United States government, so far as possible, without borrowing and on the basis of equitable taxation.

All preparations should be made in such way as not to check the flow of war supplies to the nations already in the field against Germany.

WASHINGTON, April 5.—National Guardsmen with dependent families will be mustered out of the Federal service, it was announced at the War Department. Some guardsmen who came back from border service, and have again been called into the Federal service, are found to have close relatives solely dependent upon them. The War Department has ruled that

men in these circumstances shall be mustered out, department commanders have been so instructed.

Complete plans are being drawn up at the War Department for exempting certain classes of men from active military service in case Congress approves President Wilson's plan for raising an army on the principle of universal liability to service.

In addition to exempting, on the first call, married men and men with others directly dependent upon others, provision also will be made for exempting skilled workers in many industries. Such workers will be looked upon as performing military service if they continue labor necessary for the industrial welfare of the nation.

Among the workmen so exempted probably will be skilled farmers. The Government realizes that one of the most pressing problems before the nation is the increase in the output of foodstuffs, so as to continue to supply the needs of the United States and enable the Government to send large supplies to the Entente allies.

WASHINGTON, April 5.—Every policeman in the country, from the best-dressed constable to the New York blue coat, will become an emergency member of the department of justice in the detection of spies "or unfriendly actions against the government" under a plan announced by Attorney General Gregory.

CAMDEN, N. J., April 5.—Technically charged with threatening the life of President Wilson, Edward A. W. Simmers, 67 years old, a German, was held under \$20,000 bail for a further hearing by United States Commissioner Joline here. In default of bail Simmons was remanded.

According to Philadelphia secret service operators, who arrested Simmons, near Woodbine, N. J., where he was employed as a scientific farmer, the man had bitterly given expression to remarks regarded as detrimental to the safety of the President.

EL PASO, TEX., April 5.—Nine deserters from the United States Army on the border were reported to Federal county officials here, having deserted during the last three days. The majority of these deserters, it is said, were of German birth and were thought to have gone to Mexico. Ammunition smuggling is being resumed along the border and quantities of ammunition are known to have crossed to Mexico last week.

FRANKFORT, KY., April 5.—Circuit Judge Stout in his instructions to the Franklin County grand jury told the jurors that they should be as brave in the grand jury room as are American soldiers on the battle field. "Even as I am talking to you," said Judge Stout, "your country may be going to war. You will not shrink from your duty to your country as a soldier, therefore you should not shrink from your duty as a grand juror."

WASHINGTON, April 5.—The significance of President Wilson's warning of German spies "even in our offices of government," became apparent when it was learned that on several occasions trails of the German secret service have been discovered within some of the most closely guarded precincts of the executive department.

Although officials do not believe that access has been gained by the foreign agents to any information of great importance, they are understood to be convinced that not even the State Department, with its highly confidential diplomatic facilities has been free from invasion.

NEW YORK, April 5.—Former President Taft, speaking at a dinner given in his honor, declared that "if any nation is to attack us it will be through Mexico." He characterized the neighboring republic as "an international nuisance" and Gen. Carranza as "not the most reliable individual."

BIRMINGHAM, ALA., April 5.—Reports that German agents are working in Southern States, particularly in the tobacco and cotton belt, to incite negroes against the United States government were confirmed here by Federal agents. These officials announced that steps already have been taken in the district to prevent effective results from arising out of the activities.

CHICAGO, April 5.—Readiness to follow the Stars and Stripes across the ocean to the battlefields of Europe

Capitol Hotel At Frankfort Burned Late Yesterday

FRANKFORT, KY., APRIL 5.—Fire which broke out in the basement of the Capitol Hotel here this afternoon gained headway beyond the control of the hotel fire department, and the building is totally destroyed, with the greater part of the contents.

The fire started from some unknown source in the basement and an alarm was promptly turned in. The basement fire was stubborn, but it was also believed to be under control, when it broke out afresh in the walls of the main building and spread rapidly to the wings in the rear.

There were many narrow escapes; one man may die.

BOURBON FISCAL COURT.

County Judge C. A. McMillan presided yesterday at the April term of the Bourbon Fiscal Court, with the following Justices present: Thomason, Burris, Redmon, Lloyd, Stephenson and Shropshire.

The report of Road Engineer Bedford for the month of March was read, received and filed.

The county tax levy for 1917 was fixed as follows: Court house bonds, and interest on same, four cents on each \$100 worth of property in the county subject to taxation; for turnpikes and bridges, twenty-five cents; general purposes, twenty cents; poll-tax was placed at \$1.50 for each male inhabitant over twenty-one years of age.

It was ordered that an ad valorem tax on all property subject to taxation for State purposes in Bourbon county outside of the City of Paris and the Little Rock Graded Common School District be levied for school purposes in the sum of ten cents on each \$100 worth of property assessed for taxation for State purposes.

A large number of claims against the county were allowed and ordered paid.

County Judge McMillan and County Attorney Batterton were appointed a committee to purchase a flag and a proper flagstaff, and have same erected on the court house.

Ordered that the salary of the County Treasurer remain at \$300 per year. Mr. Silas E. Bedford was re-elected to the position of County Treasurer. The Court tendered Mr. Bedford a rising vote of thanks for the excellent service he had given the county in the position.

It was ordered that the sum of \$5 per month be paid to George Griffin for the support of Mrs. Frank Prindle; also the sum of \$5 per month be paid to John McLain for the support of Mrs. Million.

The Court then adjourned to meet at the County Infirmary on April 11.

STATE OFFICIALS HERE.

Mr. Edward Hite, Chief Deputy State Fire Marshal, and Mr. A. H. Holladay, of the State Insurance Actuarial office, were in Paris, Tuesday and Wednesday, on a business trip. While here they made a thorough inspection and test of the water plant and pressure.

Mr. Hite has just returned from Louisville, where, under authority of the State, he has, with a force of deputy marshals and inspectors, been conducting a vigorous campaign, inspecting and condemning buildings. The Louisville papers all compliment Mr. Hite's work very highly.

was voiced unanimously here by editors of foreign language newspapers, and heads of organizations of Polish, Bohemian, Italian, Serbian, Belgian and other foreign-born citizens of this country. The call to arms will meet with a solid backing among these peoples their leaders proclaimed.

NEW ORLEANS, April 5.—Federal authorities here admitted that they have discovered evidence in the last few weeks indicating the existence of plots to incite negroes in parts of Louisiana and Mississippi against the United States government.

It was stated several Germans have been arrested recently in Mississippi suspected of such activity.

Among the promises alleged to have been made to the negroes, according to the Federal agents, were complete franchise freedom and political and social equality.

BALTIMORE, MD., April 5.—Taking the stand that any man who gives expression to a threat against the life of President Wilson should not be permitted to be at large, Judge Rose in United States District Court sentenced Amos H. Pauls, sixty-two years old, to the Federal penitentiary at Atlanta for a term of eighteen months. The case was tried before a jury which reached a verdict within seven minutes.

SPEER SEEKS FEDERAL AID IN BANKING PLAN

Confers With Comptroller
of Currency in Washington
in Regard to Plan.

George C. Speer, of Frankfort, Banking Commissioner of Kentucky, conferred with Comptroller of the Currency Williams, in Washington, Wednesday, regarding the plan to bring the national banks of the State into the reform movement started by the State Banking Department of Kentucky.

He found Comptroller Williams deeply interested in the Kentuckian's suggestion that the national banks of Kentucky shall adopt a uniform rate of interest paid on time deposits.

"I feel that my visit to Washington at this time will bear fruit," said Mr. Speer, as he left the Treasury Department. "I had a satisfactory talk with Comptroller Williams and he seemed much interested in my banking reform plan. I explained to him that about 80 per cent. of the State banks of Kentucky have already entered into the agreement, the few that have not adopted the plan being those affected by the national banks charging a rate greater than 3 per cent. in their respective territories."

"If the Comptroller of the Currency orders the national banks of Kentucky to adopt the plan I have outlined, of course, all the State banks would fall into line."

Mr. Speer explained that the effect of this banking reform plan of his would be that patrons of all the banks in Kentucky would be able to borrow money at a rate of 6 per cent. instead of paying 7, 8 or as high as 10 per cent. in many counties.

Mr. Speer was accompanied to the Treasury Department by Senator Olie James.

A CARD FROM COUNTY ATTORNEY GEO. BATTERTON

TO THE PEOPLE OF BOURBON COUNTY:

Born without the advantage of rich or influential parentage, my chances in life would have been much more limited, had you not so generously honored and trusted me. I therefore owe you much and have tried to show my appreciation by striving mightily to make you an honest, efficient and useful County Attorney. Naturally, in so doing, I have incurred the displeasure of those who oppose the enforcement of the law, yet in the hope that the better class of citizens approve my course, I have concluded to announce myself as a candidate for County Judge of Bourbon County, at the primary, August 4, 1917.

At the very outset I want to make it plain that I am not on any slate or line-up; nor am I member of any faction, but I am acting upon my own initiative and running solely upon my own merits, which I respectfully ask you to judge after full investigation. My campaign will be conducted upon clean and upright lines, without bartering away for political or other considerations, anything connected with the office, and without a promise to any one, or any class, which would prevent my acting with absolute freedom for the best interest of all the people.

If promoted to this high office I will bring to the discharge of its duties, an earnest ambition in my heart to make good, and an intimate knowledge of every detail of the county's business. My experience as County Attorney has given me that knowledge and I will use it to every advantage. I propose to give you a real business administration; to devote my time and energy to the duties of the office; to personally see that no favoritism is shown in awarding contracts; to also see that the side pikes receive their just proportion of the money expended in improvements; and to impartially, fearlessly and effectively enforce the law, and in all matters give you the best service within me. I will make you no promise which I know I cannot fulfill in order to obtain your votes.

If you feel that I am competent to render this service, and that my record as an official entitles me to this additional evidence of your confidence, I shall ever be grateful for your support. If defeated I will remain a Democrat as ever, and always loyal to my party.

I will make a personal canvass and see each voter in person, and would appreciate it if you would not pledge your vote to any other until I can see you in person and present my claims for your support.

GEORGE BATTERTON.

CITY ASSESSOR AT WORK.

City Assessor L. D. Harris has begun the work of making the city assessment for the year of 1917. The assessment will be made on blanks, each person making his own assessment and subscribing his name to the blank.

In the past the assessment has been made verbally, but with the blanks being signed by the citizens the assessment over their signature can be made a matter of record. Mr. Harris has been very busy in the past few days distributing blanks to the property-owners of the city.

EDITORIAL MUSINGS.

April Fools' Day.

You could never make the kids of former days think that April Fools' Day was one of the minor occasions of the year. They looked forward to it as almost next to July Fourth. They planned elaborate hoaxes, and conducted campaigns for the befuddlement of older and wiser heads. For once in the year they felt abreast of the grownups, being able thus to deceive and make game of them.

Most women set out in the morning to fool their husbands as the first business of the day, and commonly they succeed. The newspapers printed elaborate accounts of traditional hoaxes, like placards attached to people's backs marked April Fool, wool doughnuts fried in brown fat looking exactly like the real thing, etc. These schemes were beyond the capacity of the children, who contented themselves with minor stunts like calling attention to some imaginary bird in the nearby tree.

The humorists of every age have their own methods, which change from time to time. Practical jokes are not so common as they used to be. Wit and humor becomes more refined. People with a humorous turn enjoy jollying others, matching wits and poking fun at them. They like tripping them up in conversation and repartee, rather than making them physically ridiculous.

These modern forms of humor are more subtle, and are often just as irritating to the sensitive victim. The man who is slow of speech feels baffled and helpless among the jokers of modern society. But fun making is the spice of life. People who can't take their part and accept joking on themselves good naturedly, are bound to be as uncomfortable as the old timer who had the placard stuck on his back on the first day of April.

The Great Outdoor.

Spring, due according to the calendar on the twenty-first of March, hesitates around the corner, waiting winter's abdication. The sunshine invites the unresponsive earth, yet the grass shows tints of green, robins and crows have been heard and gussy willows are dropping their brown claks. Nature is the mistress of work processes; who can tell when spring begins, or when it merges into summer? Not the calendar, which is of man's making.

A few days of sun, a warm rain, and spring will be here with a rush. The housewife views the winter's dust and cobwebs despairingly; shop windows are suggestive of rejuvenated robes; the citizen grows restive under dust storms and the litter of unswept streets. We feel the primal call, nature's invitation to the outdoors, to the annual renewal.

Nothing to see in a spring walk? Much to see—to those who have the seeing eye. Bishop Quayle would add to the Beauties, "Blessed are those who help us to see." The color harmonies of the spring landscape are beautiful—if we can see them. Those who claim a desire to "return to nature" have two ways of doing so. One can forget the daily tasks, the worries and annoyances to which we surrender ourselves. Our prospects brighten under the influence of better thoughts. "In a pleasant spring morning," says Thoreau, "all men's sins are forgiven."

Such a day is a truce to vice." The fresh airs seem to blow away the "ribbed and cabled" emotions that claim us in our cliff dwellings. It is not without good reason we want the out doors.

Robert Hichens reminds us that, "There is a time of life when, if the body is healthy and the soul untroubled, each season holds its thrill for the heart, its tonic gift for the mind." At no season are the thrill and the tonic so strong and so greatly needed as in the spring.

PHONES FOR GOVERNMENT.

Temporary suspension of the telephone extension service throughout the country in order to hold in reserve facilities that may be needed by the government, may become necessary, was announced in New York by U. N. Bethell, senior vice president of the American Telephone and Telegraph Company.

"A temporary embargo on the installation of new telephone lines, or in any event, installation subject to indefinite delay, may become necessary," Mr. Bethell said. "Because of the unprecedented demands for new facilities, the necessity of holding in reserve facilities that may be needed by the government and the difficulty of getting supplies which all manufacturers have experienced, it will be necessary for the Bell Telephone companies to hold growth substantially to normal proportions."

"Therefore, orders for new lines and stations can be accepted only on the understanding that there may be a delay in filling them. This condition will hold more or less throughout the country, and will be dealt with by the local management in each section as the public interest in the locality may require. Because of the varying conditions in different parts of the country no general rule applicable everywhere has been attempted."

WHAT'S THE REASON?

Many Paris People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with headache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Wm. W. Dudley, 1729 Cypress street, Paris, says: "Some years ago, I found it necessary to use a kidney remedy, and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of kidney complaint. I have good reason to recommend Doan's Kidney Pills, and advise their use to anyone troubled with a weak back or lame back or irregular passages of the kidney secretions."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dudley had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv.)

MORE STRINGENT RULES FOR SECOND-CLASS MAIL

That at least 50 per cent. of the advertised subscription price must be received by publishers before they can be entitled to the low rates of second class mail, is the substance of an order just issued by Postmaster General Burleson. Copies of this order were received here by the local postoffice authorities. Publications heretofore exempted from subscription restrictions are not affected by this order.

Through this order, circulation of publications which depend wholly or partly on their advertising matter for maintenance, circulars, advertising pamphlets, etc., will not be permitted as second class mail matter. To have the privileges of the cheaper second class rate publications must have legitimate subscription lists. Copies sent in exchange for another publication are regarded as legitimate, as well as copies to advertisers, or subscriptions obtained either directly or through agencies, etc.

THINGS TO WORRY ABOUT.

Since reading that a reporter who died in Chicago, among other bequests, left \$200,000 to a library, we cannot find it in our heart to blame people for not believing some things they see in the newspapers.

An opera singer has sued a man named Kraut for \$100,000 because he is no longer sweet on her. That'll be likely to sour Kraut still more.

President Urges Congress To Declare State Of War Now Existing.

Early Proceedings of the Most Momentous Session of Congress in History.

WASHINGTON, April 3.—President Wilson, Monday night, urged Congress, assembled in joint session, to declare a state of war existing between the United States and Germany.

In a dispassionate, but unmeasured denunciation of the course of the Imperial German Government, which he characterized as a challenge to all mankind, the President declared that neutrality no longer was feasible or desirable where the peace of the world was involved; that armed neutrality had become ineffectual enough at best and was likely to produce what it was meant to prevent, and urged that Congress accept the gauge of battle with all the resources of the nation.

"I advise that the Congress declare the recent course of the Imperial German Government to be in fact nothing less than war against the Government and people of the United States," said the President; "that it formally accept the status of belligerent which has thus been thrust upon it, and that it take steps not only to put the country in a more thorough state of defense, but also to exert all its power and employ all its resources to bring the Government of the German empire to terms and end the war."

When the President had finished speaking the following resolutions to declare a state of war existing were introduced in the both Houses of Congress, referred to appropriate committees, and were debated to-day:

"Whereas, The Imperial German Government has committed repeated acts of war against the Government and the people of the United States of America; therefore be it

"Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that the state of war between the United States and the Imperial German Government, which has thus been thrust upon the United States, is hereby formally declared; and that the President be and he is hereby authorized and directed to employ the entire naval and military forces of the United States and the resources of the Government to carry on war against the Imperial German Government; and to bring the conflict to a successful termination, all of the resources of the country are hereby pledged by the Congress of the United States."

Because of his opposition to the measure, Senator Stone, Chairman of the Foreign Relations Committee, the resolution was introduced in the Senate by Senator Martin, of Virginia, the Democratic floor leader. Representative Flood, Chairman of the Foreign Affairs Committee, introduced it in the House.

The resolution follows: "Joint resolution declaring that a state of war exists between the Imperial German Government and the Government and people of the United States and making to prosecute the same:

"Whereas, The recent acts of the Imperial Government are acts of war against the Government and people of the United States;

"Resolved, By the Senate and House of Representatives of the United States of America in Congress assembled, that the state of war between the United States and Imperial German Government which has thus been thrust upon the United States is hereby formally declared; and

"That the President be and he is hereby authorized and directed to take immediate steps not only to put the country in a thorough state of defense, but also to exert all of its power and employ all of its resources to carry on war against the Imperial German Government and to bring the conflict to a successful termination."

WASHINGTON, April 3.—The Administration resolution declaring a state of war exists with Germany and directing the President to prosecute war against the Imperial German Government to a successful termination was presented to the Senate to-day.

Senator Hitchcock, for the Foreign Relations Committee, asked unanimous consent for its immediate consideration. Senator LaFollette objected, and it went over under the rules for one day.

LaFollette started to launch an anti-war speech, but was stopped by Democratic Leader Martin, who forced adjournment.

Consideration of the Administration war resolution by the House Foreign Affairs Committee was postponed until to-morrow.

WASHINGTON, April 3.—President Wilson, in his address to Congress, made it plain that war is not against the German people; it is against the autocratic government, which denies the German people the right of self-expression. No portion of President Wilson's speech served better purpose than his profession of confidence in the German-born and those of German extraction who owe their allegiance to the American flag. Congress will follow him in this, as in every other feature of his address, but before adjournment new acts will have been written providing penalties of unusual severity for lack of loyalty, and for those activities which have been described in the espionage bill which failed of passage at the last session.

WASHINGTON, April 3.—Except for the formalities that may be observed, the United States and Germany are now at war. The nation is irrevocably committed to it. Recognition of that condition was inevitable after President Wilson had presented his case.

Congress to-day, in solemn mood, following the high pitch of patriotism produced by President Wilson's address of last night is preparing to adopt every measure demanded by the President in his scathing denun-

ciation of the German government's aggressions.

The Senate Foreign Relations Committee to-day approved the Administration resolution declaring a state of war exists with Germany in practically the same form as it was introduced in both Houses of Congress last night. Changes were made in the wording, but the effect remains the same.

The vote was unanimous except for Chairman Stone. Senator Borah, of Idaho, was absent. Senator Hitchcock, of Nebraska, who will handle the resolution on the floor, went immediately to the House Foreign Affairs Committee to show the members of the committee the changes the Senate Committee had made in order to have it put before both Houses in the same form.

PARIS, FRANCE, April 3.—U. S. Ambassador Sharp, under instructions from Washington, has visited the devastated regions evacuated by the Germans. Mr. Sharp was in Chalney, Ham and Roye on Saturday and cabled the State department an account of what he saw.

FIRST AMERICAN ARMED SHIP SUNK BY SUBMARINE.

NEW YORK, April 5.—The American steamship Aztec, first armed merchant vessel to sail from a port on this side of the Atlantic, was sunk without warning Sunday night by a German submarine off an island near Brest, France.

The cable message from the American Consul at Brest that brought the news of the ship's sinking to her owners, the Oriental Navigation Company, gave no inkling as to the fate of her crew. An Associated Press dispatch from Paris, France, said, however, that while some of the men aboard the Aztec were rescued, a number of them were missing and probably had perished.

The Aztec, under command of Capt. Walter O'Brien, was manned by a crew of thirty-nine. Seventeen of this number, including the captain, were American citizens.

YOUR FLAG AND MY FLAG.

(By Wilbur S. Nesbit.)

Your flag and my flag,
 And how it flies to-day
 In your land and my land
 And half a world away!
 Rose-red and blood-red
 The stripes forever gleam;
 Snow-white and soul-white—
 The good forefathers dream:
 Sky-blue and true blue, with stars to gleam
 The gloried guidon of the day; a chet-
 ter thru the night.

Your flag and my flag!
 To every star and stripe
 The drums beat as hearts beat
 And flutters shrilly pipe!
 Your flag and my flag—
 A blessing in the sky;
 Your hope and my hope—
 It never hid a lie!

Home land and far land and half the world around,
 Old Glory hears our glad salute and
 ripples to the sound!

Your flag and my flag!
 And, oh, how much it holds—
 Your land and my land—
 Secure within its folds!
 Your heart and my heart
 Beat quicker at the sight;
 Sun-kissed and wind-tossed—
 Red and blue and white.
 The one flag—the great flag—the flag
 for me and you—
 Glorified all else beside—the red and
 white and blue!

AUTHOR OF FAMOUS SONG NATIVE OF FLEMING.

Commenting on the publication in a recent issue of THE NEWS of an item regarding the song, "Brighten The Corner Where You Are," made famous by Billy Sunday, Editor Hiram Duley, in the Flemingsburg Times Democrat, says:

"The author of this song, Mrs. Ina Duley Ogdon, is a niece of the editor of the Times-Democrat, daughter of W. W. Duley and wife, nee Wilson, and now lives in Toledo, Ohio. This song is quite popular and she has written many others of great merit. Although born and raised in Illinois, she is of Fleming county stock and that is hard to beat."

WHAT "STATE OF WAR" IS

A "declaration of war" by one nation against another is an outright announcement that one intends to wage war on the other. The declaration is formally sent to the enemy's government. Usually the responsibility for the war, in such a case, lies with the nation declaring it.

The United States has engaged in four foreign wars, but it never has declared war in and of these cases, nor has any nation ever declared war against the United States.

A "state of war" was declared to exist in 1812 with Great Britain, in 1846 with Mexico and in 1893 with Spain. A declaration of independence brought on the war of 1776.

A "state of war" means that the country recognizing such a condition believes it has been attacked, war is being waged against it, and it is necessary for national defense and security to fight back.

Recognition of a "state of war" places the responsibility for the war and its consequences upon the other nation.

SPRING.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. (April-adv.)

TAXATION FOR ROADS IN KENTUCKY.

The framers of the Constitution of the United States in their endeavor to establish a form of government as far removed from a monarchy as possible, deemed it inadvisable to create any office or delegate any authority without at the same time limiting that authority or creating an additional office and delegating such authority to it as would serve to make it a check upon the other. We find this same idea written into all our State Constitutions. This is particularly true as regards taxation and we find a provision of our State Constitution which limits the county tax rate to 50 cents on the hundred dollars and a further limitation to the effect that the county levy for roads and bridges should not exceed twenty cents. While there may be some justification for the establishment of limitations, any limitation with respect to roads which does not take into consideration the changing conditions of wear, together with the changes in the amount and character of travel, serves only to hamper and retard progress and dissipate community wealth by not properly caring for what we already have.

Road building on an extensive scale in Kentucky was started in 1827, largely through state subscriptions for stock in what was then called State Roads. Then followed a period of road building by turnpike companies

operating under a special franchise from the legislature. The incentive to road building at that time being first the dividends to be derived on the turnpike stock from tolls received, and second that the community might have a better road. Under this system in 1904, Kentucky stood first in the list of States in the number of miles of improved highways, having over 8,000 miles of hard surfaced road. About 1898, there began a marked agitation for the removal of the toll gates and as a result thereof, practically all of the toll gates were removed from the toll roads in the subsequent years, some by purchase, some by gift and some by condemnation. At any rate the burden of purchase, together with the additional burden of maintaining these one time toll roads, which therefore had been maintained from the proceeds of the tolls, fell upon the taxpayer and the tax levy. It is significant to note that no provision was made for an increase in the tax levy which previous to that time had been hardly sufficient for the needs of other county roads.

Prior to the elimination of the toll gate, practically all of the traffic on these roads was business traffic. There was comparatively little pleasure traffic. Since the elimination of the toll gate and the coming of the automobile into almost universal use, these conditions have been largely reversed and there are many of our roads carrying a larger percentage of pleasure traffic than business traffic, and a total volume of traffic eight and ten times greater than under the old conditions.

The sequel is very apparent. Our tax levy already wavering under the burden of maintaining a large additional mileage of roads has proven entirely inadequate to provide for the increased wear due to the large increase in traffic and the roads of Kentucky have been showing a marked deterioration from year to year, until at the present she has slipped from first to fifteenth place in the list of Good Roads States.

No rational human being expects to receive something for nothing. The average business man is satisfied if he receives a reasonable return for his outlay. He would not expect the same amount of service from two articles of equal cost if one was subjected to eight or ten times more use than the other. He would expect to pay for these articles in proportion to the service rendered. The law-maker and the taxpayer, however, seem never to have realized that they could free themselves of the burden of the toll gate tax and take over, pay for, and maintain the turnpikes and the public roads by taxation under conditions of constantly increasing service and wear, without at the same time increasing the rate of tax or making provision in some other way for an increased revenue to meet these changed conditions. It is a marvelous commentary upon the intelligence of the American taxpayer that so little of their remarkable business acumen should be displayed in the administration of public funds. The remedy is obvious. More roads and better roads in Kentucky can be secured only by providing additional revenue and expending it efficiently.

Prosperity or Peace.
Give me the money that has been spent in war, and I will clothe every man, woman and child in an attire of which kings and queens would be proud. I will build a schoolhouse in every valley over the whole earth. I will crown every hillside with a place of worship consecrated to the gospel of peace.—Charles Sumner.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments, a delightful surprise awaits everyone who tries this. (adv)

RENGO BELT

Reducing Corsets

are made exclusively for medium and full figures

Rengo Belt Corsets are not intended for slender women—they are strong, sturdy corsets for medium and stout women, reinforced by a specially designed and exclusive Rengo Belt feature for straightening the abdominal line.

In every other respect these famous corsets are ideal for reducing because of their perfect lines and absolute strength. Rengo Belt Corsets cannot be stretched out of shape or broken, no matter what amount of wearing stress is put upon them by heavy figures. They will mould to their own beautiful lines because they are stronger than any figure, yet pliable and comfortable because they have no "fixings" or "trappings" of any kind—nothing to indicate that they are specially constructed Reducing corsets, unless you understand the scientific tailoring of the design itself.

All models are boned throughout with double watch-spring steels, and some are fitted with "steelastic" webbing inserts, for more active freedom.

UP WITH THE FLAG! SHOW YOUR COLORS!

Since the publication of a short item in THE NEWS in Tuesday's issue in regard to the American flag being displayed here, there has been a very notable increase in the number of the stately banners placed in position.

A big flag was placed on the City Hall, that being the only public building, besides the Government building, so decorated.

We believe the people of Paris are just as patriotic as those of any other place in Kentucky, but they are slow to get enthused over anything. In other sections of Kentucky patriotic meetings are being held, flags displayed almost everywhere and patriotism seems rampant—but Paris remains seemingly unmoved beyond a mere ripple on the surface!

At this time when the nation is facing one of the greatest and gravest crises that has arisen since the Civil War enthusiastic citizens of other cities nearby are attesting their patriotism in divers ways, but Paris stands aloof. It is not because we are less patriotic than others, but because we are slow to get in motion and get up our fervor.

THE NEWS asks the business men of Paris, and the property-owners, who are not afraid to attest their Americanism, to put "Old Glory" up. Long may she wave! If you are wholly American in this crisis—and we believe all are—show your colors.

A patriotic Paris woman said to THE NEWS man yesterday that the most inspiring sight in Paris is the big American flag floating proudly in the breeze from the top of the First National Bank building. In Maysville and other nearby cities the County Courts have ordered big flags raised over the court house—the people's house—why not Paris? Every public building in Paris should make today "Flag Day." The emblem of liberty is the grandest piece of bunting that was ever conceived, and it should be our duty to have it on display.

Up with "The Stars and Stripes." Show your allegiance!

"The Gem of the Famous Black Prairie Land Belt"

"THE ONLY ONE OF ITS KIND FOR SALE."

IN QUARTER AND HALF-SECTION TRACTS.

"TWO MILES OF SPLENDID TURNPIKE FRONTAGE."

This plantation is recognized to be the most fertile and best lying, the best located and the best fenced section of and in famous Black Land Belt.

Located in Northeastern Mississippi, about four miles from the City of West Point, Clay County. West Point is a thriving city of about seven thousand, with three railroads, large cotton plant, splendid schools and made up of cultured Southern folks. This property is located on fine turnpike with the best of Kentucky families as close neighbors.

From a standpoint of productiveness, health conditions and climate, it is the most desirable to be found. This is the most attractive bargain in this stock and grain section. Three hundred growing and grazing days in a year.

The soil is noted for the production of the finest Alfalfa, Corn, Cotton, Lespedeza, or Japan Clover, Bermuda and other grasses which afford the best of pasture lands.

The Black Prairie Belt is a small area and will evidently some day be some of the highest priced agricultural lands in the entire South.

There are now something over one hundred acres of this section seeded in alfalfa. The soil produces fine Clovers and is in a high state of cultivation, as years have been spent in building the soil and making improvements, which consist of a good six room bungalow and three stock barns, watered by a private water system from artesian wells. There are three wells on the section, one of which is a flowing well, quite a number of good tenant dwellings.

This is a finished farm and the best and cheapest of labor now on the plantation.

This proposition must be seen to be appreciated.

Prices reasonable; very liberal terms with six per cent. interest.

AUTO ACCIDENT.

In this city last Sunday afternoon in an auto accident which occurred on Main street, Misses Anna Jewell Cromwell, Irene Smith and Gertrude Wallingford, Mr. James Rees and Mr. Leroy Williams, all of Cynthia, were thrown from the machine in which they were riding when a big auto struck it.

The machine in which the Cynthia party was riding was thrown across the street against a telephone pole, and so badly damaged that it could not be used for the party to return in. Miss Smith sustained serious injuries, Miss Cromwell was only slightly injured, and the rest of the party escaped unhurt. It is not known who was in the car which struck them, but the number of the machine was ascertained.

BOLD HIGHWAYMEN ACCOMPLISH HOLD-UP

A bold highway robbery was made near Austerlitz recently when Robert Roebuck, colored, was held up at the point of a revolver by two negroes named Charles Mooney and John Whaley and relieved of \$9 in currency.

News of the hold-up was reported at Austerlitz, and a posse was soon organized and set in pursuit of the highwaymen, who were soon caught. The Sheriff's office at Paris was notified. Deputy Sheriffs Marshall and Gibson responded, and the men were brought to the Paris jail.

IMPORTANT CASE IN CLARK CIRCUIT COURT.

One of the most important cases to be heard at this term of the Clark Circuit Court is that of R. P. Scobee, of Winchester, against N. Ford Brent, of Paris, the plaintiff suing to recover about \$11,000, which he alleges was paid to Brent as the result of a wrongful grass seed deal.

At a former term of the Court Mr. Brent obtained a judgment against D. S. Gay and others when he was sued by them for alleged failure to deliver certain quantities of blue grass seed. He contended that the plaintiffs had formed a combination to control the seed market in restraint of trade, and in this he was upheld by the Court.

MRS HANNAH DUNCAN TAYLOR'S WILL PROBATED

In the Bourbon County Court, Tuesday, the last will and testament of Mrs. Hannah Duncan Taylor, who died at her home in Paris last week was admitted to probate by County Judge Charles A. McMillan.

The instrument which was dated March 25, 1917, was brief, and bequeathed her entire estate to her three sons, Messrs. William and Louis Taylor, of Paris, and Duncan Taylor, of Los Angeles, Calif. The three sons were named as executors of the estate, and it was asked that no bond be required of them. The Court appointed them in that capacity.

The estate consists of two fine Bourbon farms, located on the Paris and Maysville pike, just outside the city limits of Paris, containing 192 acres; a house and lot on Pleasant street, in Paris, besides her personal property.

Messrs. William, Louis and Duncan Taylor qualified as executors of the estate. Messrs. Geo. R. Bell, Duncan Bell and Geo. W. Stuart were named as appraisers of the estate.

BUSINESS CHANGES.

Mr. Charles Tackett, who has for several months been assistant at the N. A. Moore & Co. pool rooms, on Main street, has resigned, to accept the position of assistant ticket agent at the Tenth street L. & N. passenger station in this city. Mr. Tackett is a splendid young business man, who will soon become popular with the traveling public.

Mr. Tackett succeeds Mr. Miller Kiser, who, with Mr. Wallace Kiser, has gone to Canada, where they will be employed during the summer and fall on the big wheat ranch of E. F. Spears & Sons, of Paris. Mr. Kiser likes the railroad work, and in resigning, paid a compliment to the service in Paris.

NORTH MIDDLETOWN MASONS TO ORGANIZE RED CROSS.

North Middletown Masons will open a branch of the Red Cross Society. Washington Lodge, at its regular meeting Tuesday night decided to open a branch of the Red Cross Society there.

This work will not be confined to the Masonic Lodge alone, but every man and woman in the community who is patriotic enough to want to do something for the cause, is invited to meet at the lodge room this (Friday) evening, April 6, at 7:30.

Physicians and ladies of Lexington who are interested in the work will be invited to attend and present their cause and give instructions in the work. Dr. Arthur Keller, of Paris, visited the lodge Tuesday evening and gave a very enjoyable talk on Masonry, and it was at his suggestion that this work will be organized.

RED CROSS SOCIETY.

The Paris Chapter of the Red Cross Society will hold a card party at the Masonic Temple on Tuesday, April 10, at 2:30 o'clock. A charge of fifty cents for each player will be made. This will include refreshments. Reservations for bridge, five hundred or six-hundred each may be made with Mrs. Arthur B. Hancock. Any who do not care to play cards may come and enjoy a social hour with refreshments. The object of the card party is to obtain money to purchase hospital supplies for the Red Cross work. It is earnestly hoped that the card party will be liberally patronized by the public.

B-4 FIRE Insure with W.O. HINTON & SON, Agts

TESTING WATER PRESSURE.

Mr. H. D. Holladay, of Louisville, representing the Insurance Actuarial Bureau, and a representative from the engineering department of the University of Kentucky at Lexington, were in Paris, Wednesday, making tests of the water pressure for fire purposes furnished by the plant of the Paris Water Company.

Tests were made from the fire hydrants at the corner of Broadway and High streets, near the fire department headquarters, and from the hydrant on Main, near Box 32. An alarm sent in from this box called the department on a test run which was made in remarkably quick time. Tests of the pressure were also made there. The gentlemen reported as a result of their investigations that the pressure for efficient fire prevention purposes, was about half what it should be. The tests were conducted as a result of a recent visit here of Chief Deputy State Fire Marshal Edward Hite, formerly of Paris.

Fire, wind and lightning insurance.

MORE WEATHER.

Yesterday was a fair—example of how disagreeable a day can be in April. If April showers bring May flowers, there ought to be an overplus in the supply for the coming month. A cold rain fell most of the day, accompanied by a high blustering wind that made an umbrella first cousin to an aeroplane, and gave pedestrians all they could do to "move upright."

BOARD OF EDUCATION APPOINTS TRUSTEES

At a meeting of the Bourbon County Board of Education, held in the office of Miss Mabel Robbins, County Superintendent of Schools, Mr. Henry Ingels was appointed Trustee of the Palmer school, and Mr. W. E. Cook, Trustee of the Bals school. Mr. James Caldwell was sworn in as Trustee of the Deaver school. Mr. Finley Burris was elected chairman of the Educational Division No. 4, with Mr. Aylette Buckner, secretary.

Trustee Ingels and Superintendent of Schools Robbins were appointed a committee to confer with the patrons of the Amertsville district in regard to the purchase of property.

It was decided that the teachers be allowed time to attend the meeting of the Kentucky Educational Association, provided they attend the full session, and provided that all the teachers from the same school attend.

It was also decided that all schools having an attendance of less than 25 per cent. for seven months, shall be closed.

FIRST AWARD UNDER COMPENSATION LAW.

The first award or settlement made under the provisions of the recently enacted Workmen's Compensation law, in Paris, was effected Wednesday, when Mr. A. J. Fee, local agent for the Aetna Insurance Co., received a check for \$701.58 from the State for Mr. Martin Spegal, of Paris. Spegal had his hand badly burned while working as a blacksmith in the employ of Bradley & Brannon, in Paris, the injuries being such as to prevent him from resuming work. The check was a full and complete settlement.

OPEN DAY AND NIGHT

CALLING MEETING OF COMMERCIAL CLUB

There will be a called meeting of the Paris Commercial Club, to be held in the County Court room in the court house next Tuesday night at 7:30 o'clock, to consider business of importance. A full attendance of the membership is urgently requested.

MASSIE MEMORIAL HOSPITAL.

Prof. of the day the Massie Memorial Hospital was opened for the reception of the first patient, up to yesterday, a total of one thousand patients have received treatment at the institution. The one thousandth patient was admitted yesterday.

SMALL ROBBERY.

Thieves entered the home of Rev. Geo. H. Harris, on Mt. Airy, last Sunday night and got away with a little change, a razor and some eatables. Rev. Harris thinks the thieves were concealed in the house when he reached home from Cynthiana, as no window had been forced or locks broken.

NEXT SUNDAY IS EASTER.

Next Sunday is Easter Day and most of the local churches are already making arrangements for special musical programs for that day as well as a special sermon by the pastors. If Easter Day is a pretty one there will be much display of new spring clothing and hats as the local merchants report that they have sold more Easter clothing this spring than for several years.

SELLS FAYETTE LAND.

Mr. John T. Collins, of North Middletown, and Mr. Josh Coons, of Lexington, sold to Mr. T. L. Hardman, of Fayette county, a tract of 880 acres of land located on the Downing Wilson pike, in Fayette county, for a total of \$114,000, or about \$130 per acre. They bought the property five years ago from Col. Milton Young, of Lexington, for a bout \$75 per acre. It was cultivated profitably for a number of years.

MR. BATTERTON ANNOUNCES FOR COUNTY JUDGE.

In this issue of THE NEWS, Mr. George Batterton, present County Attorney of Bourbon, announces his candidacy for the Democratic nomination for Judge of the Bourbon County Court.

For eight years Mr. Batterton has most acceptably and ably filled the position of County Attorney, enjoying the distinction of having been the youngest County Attorney ever elected in Bourbon county. That he has made an excellent official there can be no dispute.

Mr. Batterton's card to the voters of the county best sets forth his claims for their support, and very clearly defines his ambition to serve the people of the county in the responsible position as County Judge.

IT PAYS TO ADVERTISE.

Another apt illustration of the really practical value of advertising, and especially in so widely-read a paper as THE NEWS may be cited in the following:

Last Monday, Miss Mary McMahan, of the Simon Department Store clerical force, had the misfortune to lose a valuable gold watch which she had been carrying, with a fob attached, in a watch pocket. She had an advertisement inserted in THE NEWS' Tuesday edition. At nine o'clock Tuesday morning Mr. Thos. O'Connell, of Paris, sent word to this office that he found the watch Monday night in the gutter near the Alamo Theatre, at the corner of Main and Fifth streets. He had read the ad in THE NEWS and the description given there corresponded identically with the watch he found.

The watch was promptly restored to Miss McMahan, who was overjoyed to recover it. Miss McMahan warmly commends THE NEWS as an advertising medium, and heartily approves the old saying that "It Pays To Advertise"—in THE NEWS!

SOME TRIO!

The West Baden, (Ind.) Journal, published at West Baden Springs, the famous Indiana health resort, in its notes of the visitors at that place, makes a very complimentary reference there of three prominent Paris business men, Mr. Clarence K. Thomas, cashier of the Peoples Deposit Bank & Trust Co., and Chas. N. Peddicord, and Mr. Swift Champ, owner and editor of THE BOURBON NEWS. In closing its comments on the Paris visitors' presence there the Journal says: "Mr. Swift Champ, Paris, Ky., a well and prominently known newspaper man in the Blue Grass State, is registered at the Springs hotel and will spend a recuperative season and drink the mineral waters at this resort on a return visit. He has been making regular pilgrimages to West Baden Springs for some time, and his visits to this place are always fruitful of the best results. Mr. Champ is the editor and publisher of THE BOURBON NEWS, which is a live and well edited newspaper, and has a large circulation and advertising patronage."

THANKS TANLAC FOR CHANGE

"My digestion is fine," said Hous-
ton Beauchamp, Frankfort, in telling
how Tanlac brought him back one of
the greatest pleasures known to all
mankind—that of being able to enjoy
good cooking. He said:

"After an attack of the grip I was
all run-down. Everything I ate dis-
agreed with me. Food lay heavy on
my stomach. Since taking Tanlac I
am so much better I can eat almost
anything without being sick after-
wards. My digestion is fine.

"I can do my usual daily work, and
it doesn't tire me out as it used to.
I am glad to recommend Tanlac as a
splendid tonic and system purifier."

Thousands of others who have felt
like Mr. Beauchamp have had this
same experience with Tanlac. When
the system is all run down and the
stomach and other internal organs do
not do their work properly nature
needs help to get them back in good
working order.

When food sours on the stomach,
causing gas that makes you bloat and
belch, it is time to take care of it.
Dizzy spells, headaches, sleepless-
ness, bad breath, coated tongue and
that tired feeling are almost always
sure to follow if the trouble is not
stopped at its source. If you are not
feeling right get Tanlac today. Don't
put it off, as delays in health matters
are dangerous.

Tanlac, the master medicine and
reconstructive tonic, is sold exclu-
sively in PARIS by Varden & Son.
Other exclusive agents in nearby
towns are as follows:

CHAMP CLARK IS RE-ELECTED SPEAKER

WASHINGTON, April 5.—The Demo-
crats, with the aid of four of the five
Independents, organized the House
when the new Congress assembled
Monday, re-electing Speaker Champ
Clark, of Missouri, and sweeping into
office with him all the other Demo-
cratic caucus nominees.

Mr. Clark received 217 votes,
against 205 for Representative Mann,
the Republican choice for Speaker,
who not only failed to receive an in-
dependent vote, but lost the support
of five of his party colleagues.

All the Democrats present voted for
Mr. Clark and were joined by Repre-
sentatives Schall, Progressive, Min-
nesota; Martin, Progressive-Protection-
ist, Louisiana; London, Socialist,
New York, and Randall, Prohibitionist,
California. The five Republicans who
did not support Mr. Mann were Repre-
sentatives Gardner, Massachusetts
who voted for Representative Lenroot,
of Wisconsin; Gray, New Jersey, and
Dillinger, Massachusetts, who voted
for Representative Gillett, of Massa-
chusetts, and Haskell, New York, and
James Michigan, who voted "present."
Representative Fuller, Independent,
Massachusetts, voted for Representa-
tive Lenroot.

To the surprise of the Republicans
Representative Schall placed Mr.
Clark in nomination. For a time it
was thought that he had done so by
inadvertence, but later it developed he
had acted through prearrangement
with Democratic leaders. He asked
permission to address the House just
after the first rollcall, and then after
declaring the international situation
demanded united support of President
Wilson aroused tremendous cheering
by announcing that although with his
sightless eyes he could be of no use
on the battlefield he could at least
support the President by casting a
vote for Champ Clark. Representative
Green, of Massachusetts, presented Mr.
Mann's name in a brief speech, and
Representative Lenroot, of Wisconsin,
the Progressive Republican leader,
and in just an hour and forty minutes
after the House was convened Mr.
Clark, as he had predicted to the min-
ute several days ago, was declared
elected and was escorted to the chair
by a committee headed by Mr.
Mann. In a brief address the Speaker
pleaded for united action in the pres-
ent crisis.

Calling of the roll was replete with
outbursts of applause, but the lion's
share went to Miss Jeannette Rankin,
of Montana, a Republican, and the
first woman to be elected to the House.
She was given three separate ovations,
once when she entered the chamber
on the arm of her colleague, Repre-
sentative Evans, of Montana; again
when she responded to the call of
members, and a third time when she
voted for Mr. Mann. She was forced
once to rise and bow before the ap-
plause could be checked. She was on
the floor the greater part of the day,
dressed plainly in a dark dress with a
white collar and carrying a bunch of
flowers.

An Old Hand.

"What was the first thing your hus-
band said when you got started on
your wedding journey?"
"Excuse me while I go forward and

third time for him."

ANCIENT DELIVERANCE TO BE COMMEMORATED.

Passover, or the Feast of Unleav-
ened Bread, begins to-day, Friday,
April 6, at sunset, and continues for
seven days. Orthodox Jews celebrate
it for eight days, that is, until sun-
set Saturday, April 14. The feast
commemorates chiefly the deliverance
of the children of Israel from their
slavery to the Egyptians, and so most
of the ceremonial and ritual Passover
is intended to be reminiscent of the
events and circumstances of that an-
cient deliverance. Thus in the temple
at Jerusalem Paschal lambs were
sacrificed to remind the people of the
lamb sacrificed by their ancestors at
the command of Moses before they
departed from Egypt; because the
Children of Israel in their haste to
leave the land of bondage did not
have time to permit their bread to
leaven, it is the law to this very day
that, during the entire Feast of Pass-
over, nothing but unleavened bread
(Mazzoth) may be eaten. On the sev-
enth day of the feast the scriptural
portion read in the synagogue is the
song of triumph sung by the people at
the Red Sea, because this day is con-
sidered to be the anniversary of the
dividing of the Red Sea.

The characteristic feature of the
feast is the ceremonial meal, called
the Seder, conducted on the evening
of the first day. The ceremony en-
deavors to recall the events of the
deliverance of old. Thus bitter herbs
are eaten to indicate how bitter were
the lives of the slaves in Egypt. A
lamb bone is kept on the table to re-
call the Paschal lamb offered in
Egypt and in the temple. A pastiche
compound of nuts and fruits called
"Haroseth" is eaten; this is consid-
ered to be a reminder of the mortar
used in building the treasure cities
for Pharaoh. Four cups of wine are
drunk, because four were the expres-
sions of redemption used in the Exo-
dus episode. And as it is obligatory
to tell the story of the Exodus every
year, the youngest son of the house-
hold asks four sets of questions as to
the nature of the feast, and the father
answers telling the story of the de-
liverance from Egypt.

In Palestine Passover also commem-
orates the ripening of the barley, the
earliest crop, and so marks the close
of the winter. Thus the general mes-
sage of the feast is freedom, the free-
dom of nature from the thralldom of
winter, and the freedom of Israel from
bondage.

THE GREATEST MYTH.

One day Ambassador Gerard was
walking down one of the principal
streets in Berlin. A friend stopped
him and said:

"Certain high officials have told me
500,000 German-Americans will revolt
it Wilson goes to war."

"Go tell your high official friend,"
said Gerard, "that there are 501,000
lampposts in the United States and
90,000,000 loyal Americans."

Germany has her eyes on Washing-
ton. Every member of Congress who
stands against the President will be
looked upon in Germany as an ally.
Germany believes she has millions of
friends here. She has believed this
for two years. She has been ready to
disregard America for two years be-
cause she believed the United States
was divided. Only a unanimous Amer-
ica will convince Germany that her
policy of "Damn the neutrals," is a
fatal one to adopt toward America.

SAFE MEDICINE FOR CHILDREN.

"Is it safe?" is the first question to
be considered when buying cough
medicine for children. Chamberlain's
Cough Remedy has long been a favor-
ite with mothers of young children as
it contains no opium or other narcotic,
and may be given to a child as confi-
dently as to an adult. It is pleasant
to take, too, which is of great impor-
tance when a medicine must be given
to young children. This remedy is
most effectual in relieving coughs,
colds and croup. Obtainable every-
where. (april-adv)

Out of the 135,000,000 railroad ties
used each year in the United States,
New York supplies about six per cent
and consumes about 16,000,000.

INSOMNIA.

Indigestion nearly always disturbs
the sleep more or less, and is often the
cause of insomnia. Eat a light supper
with little if any meat, and no milk;
also take one of Chamberlain's Tablets
immediately after supper, and see if
you do not rest much better. Obtain-
able everywhere. (april-adv)

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

To-night! Clean Your Bowels and Stop
Headache, Cold, Sour
Stomach.

Get a 10-cent box now.
Turn the rascals out—the headache,
biliousness, indigestion, the sick, sour
stomach and bad colds—turn them
out to-night and keep them out with
Cascarets.

Millions of men and women take a
Cascaret now and then and never
know the misery caused by a lazy
liver, clogged bowels, or an upset
stomach.

Don't put in another day of dis-
tress. Let Cascarets cleanse your stom-
ach; remove the sour, fermenting
food; take the excess bile from your
liver and carry out all the constipated
waste matter and poison in the bowels.
Then you will feel great.

A Cascaret to-night straightens you
out by morning. They work while you
sleep. A 10-cent box from any drug
store means a clear head, sweet stom-
ach and clean, healthy liver and bowel
action for months. Children love Cas-
carets because they never gripe or
sicken. (adv)

VITAL STATISTICS REPORT

The vital statistics for 1916 for the
State of Kentucky have been sub-
mitted by the State Board of Health.
The statistics show that tuberculosis,
which has clutched the State with a
fearful hand, claimed in the State for
the past year a total of 4,291 victims.
Of that number 3,247 were white per-
sons. Pneumonia follows the white
plague in the number it has taken for
its death toll. Victims of the dis-
ease numbered 2,709.

The birthrate is .025. A total of
61,977 births were reported during the
year.

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never get tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. It brought me out of it all right, so I am now well and do all my housework, besides working in my garden. Several of my neighbors have got well by taking Lydia E. Pinkham's Vegetable Compound."—Mrs. VIOLA FINICAL, Wagoner, Okla.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

COHEN APPEALS TO FARMERS TO RAISE FOODSTUFFS.

In an effort to divert Kentucky farmers from the exclusive raising of tobacco, Commissioner of Agriculture Mat S. Cohen and Dr. Fred Mutchler, of the Agricultural Extension Department, will conduct mass-meetings throughout Kentucky, beginning at Owensboro, to-morrow, Saturday, and going to Paducah, Monday, and then through Southeastern Kentucky, urging the farmers, as their patriotic duty, to raise food crops.

Commissioner Cohen said that probably 400,000 men will be called to the colors from the interior States this month, followed by other calls which will reduce the number of men engaged in crop raising, seriously hampering the tobacco industry and leave the South in a perilous condition if tobacco and cotton are raised exclusively.

"The Department of Agriculture," said Mr. Cohen, "regards this as the most serious situation since the Civil War. The country's food resources must be increased many fold to sustain the population, feed the army and help feed the people of France."

"Besides taking this matter up with the farmers, we are going to arrange with local banks to advance money to canning club girls to buy their cans, as the price will be increased several hundred per cent, probably because so many factories that have made cans are engaged in making ammunition."

"The government considers the canning club project as exceedingly important in the preservation of the food product this year. To increase the food supply and conserve it, is the patriotic duty as much as fighting for the country, and we will urge the farmers on this ground to put forth every effort in this direction."

UNITED STATES TO TRAIL SUSPECTED SPIES.

WASHINGTON, April 5.—A half million postmasters, letter carriers and field agents for various Federal departments have been set on the trail of spies or conspirators against the United States, under government orders, it has been made known. These are in addition to the multitude of municipal police and detectives who are being organized into a single big machine to gather information on agents of foreign governments. The work is directed by the Bureau of Investigation and Secret Service. Considerable aid also is being given these government forces by individuals who have reported persons suspected of disloyal acts. The Department of Justice counts on much help in the future from such sources, in response to hundreds of letters sent out recently appealing for co-operation. All communications are welcomed and treated confidentially.

At least 300,000 city letter carriers and rural free delivery employees alone are under orders to scan letters and packages passing through their hands for evidence of plots against the nation. Virtually all government employees are expected to report suspicious incidents, or even scraps of conversation, reaching them which might bear investigation by trained government agents.

WHY CONSTIPATION INJURES

The bowels are the natural sewerage system of the body. When they become obstructed by a constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

AN ELECTRIC LIFE-BELT.

Submarine warfare has resulted in numerous improvements in life preservers and life buoys. The passengers on any ship that sails the Atlantic to-day are likely to find themselves bobbing about in the icy waters with no support but a cork jacket. Some time ago a number of sailors on a torpedoed ship saved their lives at night by signaling to the rescuers with little electric flash-lamps. This principle has now been incorporated into the latest life buoy by an attachment which carries electric flash-lamps as a part of its equipment. The lamps burn steadily as soon as the buoy hits the water, and serves to indicate the position of the person supported to any boat that may be searching for survivors.

CANDIDATES WARNED OF NEW "CORRUPT PRACTICE ACT."

It is highly important for candidates for office in Kentucky to familiarize themselves with the provisions of the "Corrupt Practice Act," passed by the Legislature of 1916.

It is compulsory that each candidate file with the County Clerk or proper official an itemized statement of expenses incurred during his campaign, such as printing, stationery, stamps, stenographers, rent for public halls for speaking, and all other expenses incurred pertaining to his election. Such papers must be filed fifteen days before the primary, and also fifteen days before the regular election.

The penalty for failing to comply with this law, is a fine in any sum not to exceed \$5,000, or to be confined in the county jail not to exceed six months, or both.

The BOURBON NEWS has been appointed as agent in Bourbon county to handle and sell the Thomas Kentucky Election Forms, which are used for this purpose. With these forms it is no trouble to keep an accurate account of expenditures, etc. These forms are reserved and protected by law by the Cadiz Record, of Cadiz, Ky.

All candidates are required to make these statements, and the easiest and best way is to purchase one of these forms now. The price is \$1.50. Come in and see one, and give us your order. We have samples to show, but will have to send in orders to Cadiz for stock. We are going to send in an order next week. Let yours come with the rest.

MOST POWERFUL SEARCHLIGHT

A searchlight has been perfected, which the inventor claims will cast a beam for seventy-five miles. It operates on the carbon arc principle, but by use of powerful current and a special arrangement of the carbon pencils, tremendous candle-power is secured. There is little doubt that the new searchlight will do all that is claimed for it, for the inventor is already internationally famous through his work in perfecting the gyroscope for use in compasses and in stabilizing aeroplanes. It has been suggested that the new light may be useful for installation on submarines, as it would be capable of lighting up the water for a considerable distance.

The Union of South Africa will build an irrigation dam in the Transvaal that will impound more than 5,000,000 cubic feet of water.

OPPORTUNITY!

Mr. R. F. This is a splendid record for both Telephone and Insurance Companies.

Mr. Clendenin says: "The service I get from your Company is all that I could ask, and on the closing day of my campaign I used it with wonderful success."

Such an opportunity in facilitating business should be grasped by the public in general in employing co-operation, efficiency and confidence.

—Miss Aleta Wilson gave a successful recital in expression at Sherburne last Saturday evening. She was greeted by a good audience that was appreciative and brought forth many encores. A nice little sum was realized.

—At a regular meeting of Amity Lodge, F. and A. M., Tuesday night, steps were taken looking toward the coming of the centennial of the lodge which will be held August 17. The meeting was enthusiastic and the centennial, when all the details are arranged, will be a pronounced success.

—The Cadets of M. M. I. who have been taking dancing lessons will entertain Friday evening, March 13, with a military dance at M. M. I. Drill Hall. The Cadets will dress in full uniform, and will represent the U. S. Army, while the young ladies will represent the Navy. The caps are to be given to the ladies by the Cadets as souvenirs. The dance will begin promptly at 8:00 p. m., closing at 11:00, and promises to be the most brilliant events of the kind ever witnessed in Millersburg.

THE SICK—Mr. J. G. Allen is not so well. Miss Florence Vimont, who has been quite ill at her home for several weeks, was taken to St. Joseph Hospital, Lexington, Monday. She strove the trip nicely, and is resting comfortably at this writing. She is suffering from a complicated stomach trouble, and it may be necessary for her to remain there several weeks. Her many friends hope for her speedy recovery. Mrs. Clara Shanks remains very much the same. Mr. R. L. Powell is able to resume his duties at Jones Bros. Mr. James Howard is quite ill.

SPEARS MILL ITEMS.

—Mrs. Bettie Willis, who has been very ill for several days, is better.

—Mr. and Mrs. John Bell, of near Paris, were guests last Sunday of Mr. and Mrs. T. J. Harney.

—Mr. and Mrs. Frank Mitchell entertained at dinner Sunday, Mr. and Mrs. John Hash, Rev. E. T. Mangum, of Louisville, and Mr. James Ishmael, of Paris.

—Mr. Strawther Harney, who is attending Berea College, was a guest this week of his parents, Mr. and Mrs. T. J. Harney. Mrs. Harney has been very ill for several days, but is improving.

—Although the weather last Sunday night was very disagreeable a large crowd came out to hear Rev. Mangum's sermon on the subject, "Mothers of Our Men," which was one of the best sermons ever delivered by him.

—On next Sunday afternoon, Easter Sunday, at 2:30 o'clock, the children and the young people of the Baptist church will entertain with a missionary program at the church. It is requested that everyone who can do so will be present. A free will offering will be taken, which will be added to the pledge made for missions. Dr. Wallingford, of Paris, will be one of the speakers for the afternoon. Come out and bring your friends. It will help to encourage the children in their work.

HUTCHISON.

—Mr. Quincy Burgess is seriously ill at his home near Hutchison.

—Mrs. Thomas Berkley visited friends at Lexington last week.

—Miss Mary Burbridge visited friends at Lexington last week.

—The condition of Mr. Steve Burbridge shows no improvement.

—Mrs. J. J. Dickey has as her guest her sister, Miss Phillips, of Maysville.

—Mr. M. R. Jacoby is convalescent from the grippe and other complications.

—Mr. George Dorsey purchased of Mrs. Frankie Biddle last week a Jersey milk cow.

—Mr. Alonzo Ginn purchased a pair of No. 1 mare mules at the Webber sale last week.

—The farmers are quite busy burning their tobacco beds. A large acreage will be planted.

—Mr. Charles Franklin has purchased of the Corbin heirs 25 acres of land adjoining his home place.

—Master Forest Karick is quite ill with the measles at the home of his grandparents, in Clark county, where he is visiting.

BIRTHS.

—To the wife of Mr. J. W. Lancaster, Jr., at the Good Samaritan Hospital, in Lexington, a son, christened Allie Clay Lancaster, for his aunt, Mrs. James W. Ferguson, formerly of Paris.

—Mr. and Mrs. L. H. Neal are receiving congratulations over the arrival of a nine-pound daughter, born at their home in Paris last Sunday. Mrs. Neal was before her marriage, Miss Edna Warner, of Mt. Sterling.

DEATHS.

YOUNG.

—The body of Mrs. Anna Hays Young, wife of Mr. Will Young, formerly of Bourbon county, was brought from Latonia to the Jacksonville Cemetery, in this county, Tuesday, for interment. She is survived, besides her husband, by two daughters, Mrs. Switzer and Mrs. Wellington, both of Latonia, and two brothers, John and Shawhan Hays.

FOX.

—Lonesomeness following the death of an only sister last June, is believed to have caused Robert E. Fox to commit suicide at Winchester, Wednesday, by shooting himself through the head. Mr. Fox was a bachelor, sixty-two years old, and an uncle of Mr. John Fox, Jr., the novelist, formerly of Paris. He left an estate valued at about \$10,000. Before committing suicide Mr. Fox mailed a check for \$200 to a Winchester undertaker, with explicit instructions as to funeral arrangements.

HANNA.

—Mrs. Sarah Ellen Hanna, widow of Jefferson Mortimer Hanna, died at her home in Lexington, Tuesday, after an illness of two weeks. Mrs. Hanna celebrated her eightieth birthday on March 20.

Mrs. Hanna was the great-granddaughter of Colonel Wm. Moore. She was a native of Bourbon county, and was the daughter of William Guthrie Patterson and Matilda Ward Moore. She is survived by three children, Miss Varina Davis and Miss Virginia Hanna, who are teachers in the Lexington schools, and Mr. William G. Hanna.

Funeral services were held at the family residence Wednesday afternoon at 2:30 o'clock, conducted by Rev. R. T. Gillispie. The burial followed in the Lexington Cemetery. Mr. Wm. B. Woodford was one of the pallbearers.

WRIGHT.

News has been received here of the death in Nashville, Tennessee, of Mr. Will H. Wright, a relative of the Wright families of this vicinity, who went from Clark county to Nashville in 1877.

Mr. Wright was a son of the late Mr. Harry Wright, and a brother of the late Squire Wright, of Levee, Montgomery county. He was a grandson of Thomas Wright, who came to Clark county from South Carolina in the early days. He owned the farm on the Pretty Run pike, on the Bourbon county line, now owned by the heirs of the late Squire John Evans. For several years he was in charge of the Grigsby farm near Winchester, which is now owned by Judge George B. Nelson.

He is survived by his widow, two sons and three daughters. He has many relatives through this section of the country.

DOW.

—The body of Mrs. Bessie Marsh Dow, wife of Mr. Rion Dow, formerly of this city, who died at her home in Des Moines, Iowa, at a late hour Monday evening, after a protracted illness, arrived in Paris, Wednesday morning, and was at once taken to the home of her parents, Mr. and Mrs. B. B. Marsh in East Paris.

The funeral was held yesterday afternoon at two o'clock, at the home of Mr. and Mrs. Marsh, the services being conducted by Rev. F. J. Cheek, of Danville; formerly of Paris. The burial followed in the Paris Cemetery. The pallbearers were Ira D. Thompson, John Spears, Steele Marsh, Clark Bascom, Charles Wilmoth and Frank P. Walker.

In company with her husband, Mrs. Marsh was a guest here Christmas of relatives. A few weeks after their return to Des Moines she was taken sick. Her condition grew gradually worse, and for the past week her death was momentarily expected.

Mrs. Dow, who was in her fortieth year, as Miss Bessie Marsh, was one of the most popular young women in the city or county, having a large circle of warm friends, who have learned with genuine sorrow of her death, and who have planted deep memories of her many charming traits of character and her warm friendships made in the days of her youth, and which have never languished. She was one of those warm-hearted, impulsive women whose friendship was a thing of joy to those upon whom it was bestowed. She will be sadly missed by all who knew her.

Mrs. Dow was married to Mr. Rion Dow, son of Mr. and Mrs. Robert Dow, of this city, about twenty years ago, and their married life has been one of the very happiest. She is survived by her husband, Mr. Rion Dow; her parents, Mr. and Mrs. B. B. Marsh; three sisters, Mrs. Dill Wheat, of Newport, Misses Janie and Catherine Marsh, of Paris; and one brother, Mr. Harry Marsh, of Paris.

RECOVERING FROM OPERATION.

Friends in this city of Mr. Sherman Stivers, former newspaper man of Paris and Lexington, will be glad to learn that he is rapidly recovering from the effects of an operation for appendicitis, performed at Waco, Texas, some time ago. Mr. Stivers has been in the South for some months in the interest of a proprietary medicine as publicity representative, and has been making good all along the line.

PRESBYTERY OF EBENEZER TO MEET IN MAYSVILLE.

The Presbytery of Ebenezer, of which the Paris church is a part, will meet in Maysville, at the First Presbyterian church next Tuesday, and will continue in session throughout Thursday. Some of the most prominent members of the Presbyterian denomination in this section of the State will be in attendance, and representatives from the various churches within this territory will be in Maysville to attend the sessions.

The Maysville hotels have made special rates for the entertainment of the visitors, but as many as possible will be entertained in homes of members of the Maysville congregation. The hospitality of the church will be tested to provide suitable entertainment for the large number who are expected to attend the Presbytery sessions.

On Wednesday and Thursday the Woman's Home and Foreign Missionary Societies of the Presbytery will be in session. Their meeting will be held at the Methodist Episcopal church, opposite the Presbyterian church, through the courtesy of the Methodist pastor and people.

Matters of very important business are to come before the Presbytery at this meeting and on Tuesday and Wednesday evenings there will be public meetings held in the Presbyterian church, to which the public in general is invited. Some of the strongest men in the Presbytery will deliver addresses. The Presbyterian people are invited to attend the meetings both day and night.
